

Common MIT tags (as of September 26, 2025)

New or updated

SCHOOL-COLLEGE TAGS

School of Architecture and Planning [Don't use "+"]

School of Science

School of Engineering

School of Humanities Arts and Social Sciences [No commas]

MIT Sloan School of Management

MIT Schwarzman College of Computing

EVERYTHING ELSE (Excludes many internal DLC names; please be sure to include those when relevant.)

3-D

3-D printing

Abdul Latif Jameel Poverty Action Lab (J-PAL)

Abdul Latif Jameel Water and Food Systems Lab (J-WAFS) [Don't use "J-WAFS."]

Administration [Don't use "MIT Administration."]

Admissions

Aeronautical and astronautical engineering [Don't use "Aeronautics and Astronautics."]

Africa

AgeLab

Aging

Agriculture

Aircraft

Algorithms

Alumni/ae

Alzheimer's

Analytics

Anthropology

Antibiotics

Apps

Architecture

Art, Culture and Technology

Artificial intelligence

Arts [Don't use "Art" or "Visual arts."]

Asia

Assistive technology

Astronomy and astrophysics [Don't use them individually.]

Augmented and virtual reality

Autism

Automation
Automobiles
Autonomous vehicles
Awards, honors and fellowships
Bacteria
Batteries
Behavior
Bioengineering and biotechnology [Don't use "Biotechnology" or "Bioengineering."]
Biological engineering
Biology
Biomechanics
Biotechnology
Black holes
Books and authors
Brain and cognitive sciences
Broad Institute
Business and management [Don't use "Business" or "Management."]
Cambridge, Boston and region
Campus buildings and architecture
Campus dining
Campus services
Cancer [Don't use tags for any specific type of cancer.]
Carbon dioxide
Carbon materials [Use for carbon nanotubes, graphene, graphite, etc.]
Cells
Center for Bits and Atoms
Center for Brains Minds and Machines
Center for International Studies
Center for Sustainability Science and Strategy [Replaces "Joint Program on the Science and Policy Global Change" and "Center for Global Change Science"]
Center for Transportation and Logistics
Chancellor
Chemical engineering [Don't use "Chemistry and chemical engineering."]
Chemistry [Don't use "Chemistry and chemical engineering."]
China
Cities
Civil and environmental engineering
Classes and programs
Climate [Use for climate science that doesn't discuss our changing environment.]
Climate change [Don't use "Global warming"]
Clubs and activities
Collaboration
Commencement
Community
Comparative Media Studies/Writing
Computer chips [Don't use "microchips."]

Computer modeling
Computer Science and Artificial Intelligence Laboratory (CSAIL)
Computer science and technology [Don't use "computer science."]
Computer vision
Concrete [Don't use "cement."]
Concrete Sustainability Hub
Contests and academic competitions
Covid-19
CRISPR
Crowdsourcing
Cryptography
Cybersecurity
D-Lab
Data [Don't use "Big Data."]
Defense Advanced Research Projects Agency (DARPA)
Democracy
Department of Athletics, Physical Education and Recreation (DAPER)
Department of Defense (DoD)
Department of Energy (DoE)
Desalination
Deshpande Center
Design
Developing countries
Development
Diagnostics [Do not use "Diagnostic devices"]
Digital technology
Disaster response
Disease
DMSE [Use to denote the Dept. of Materials Science and Engineering.]
DNA
Drones
Drug delivery
Drug development
EAPS [Don't write out full department name.]
Earth and atmospheric sciences
Ecology
Economics
Edgerton
Education, teaching, academics [Don't use the "and" version.]
EdX
Electrical engineering and computer science (EECS)
Electric vehicles
Electronics
Emissions [Don't use "Carbon emissions" or "greenhouse gases"]
Energy [Don't use "Environment and energy."]
Energy efficiency

Energy storage
Engineering systems [NB: The department is now "IDSS."]
Environment [Don't use "Environment and energy"]
Equity and Inclusion [Do not use "Diversity" or "Diversity and inclusion"]
ESI
Ethics
Europe
Evolution
Exhibits
Exoplanets [Don't use "TESS"]
Facilities
Faculty [Limit use to profiles, awards, and community faculty news.]
Featured video
Film and Television
Finance
Fluid dynamics
Food
Fossil fuels
Funding [Don't use "Grants."]
Fusion
Games [Don't use "Gaming," "Game design," or "Video games."]
Genetics [Don't use "Genome."]
Genetic engineering [Don't use "genome editing."]
Geology
Giving
Global
Government
Graduate, postdoctoral [Limit use to profiles, awards, and grad/postdoc news.]
Hackathon
Haiti
Harvard-MIT Health Sciences and Technology [Don't use "Program in" version]
Haystack Observatory
Health
Health care
Health sciences and technology
History
History of MIT
History of science
Housing
Human-computer interaction
Humanities
Human Resources
Hurricanes
IDSS [Use for the Institute of Data, Science, and Society.]
Imaging
Immigration

Immunology
Independent Activities Period
India
Industry
Influenza
Infrastructure
Information Systems and Technology
Innovation and Entrepreneurship (I&E) [Don't use "Entrepreneurship."]
Innovation Initiative
Institute for Medical Engineering and Science (IMES)
International development
International initiatives
International relations
Internet
Internet of things
Invention [Don't use "inventions and innovations."]
Interview [replaces the former 3 Questions tag]
Japan
K-12 education
Kavli Institute
Kendall Square
Koch Institute
KSJ at MIT [Don't use "Knight fellowship."]
Labor and jobs [Don't use "Employment," "Labor market," "Employee relations,"
"Work-life balance," or "Income inequality."]
Laboratory for Information and Decision Systems (LIDS)
Laboratory for Nuclear Science
Language
Latin America
Law
Leadership
Learning
Lemelson-MIT
Letters to the Community
Libraries
Light
LIGO
Lincoln Laboratory
Linguistics
List Visual Arts Center
Literature, languages and writing
Logistics
Machine learning
Magnets
Maker movement
Manufacturing

Martin Trust Center for MIT Entrepreneurship
Massive open online courses (MOOCs)
Materials Research Laboratory
Materials science and engineering [Use DMSE for the department.]
Mathematics
McGovern Institute
Mechanical engineering
Media
Media Lab
Medical devices
Medicine
Memory
Mental health
Mentoring
Microbes [Don't use "Microbiology."]
Microfluidics
Microsystems Technology Laboratories
Middle East
MindHandHeart
MISTI [Don't spell out.]
MIT Corporation
MIT Energy Initiative [Don't use "(MITEI)" at the end.]
MIT Health [Don't use "MIT Medical."]
MIT Libraries [Don't use "Libraries."]
MIT Museum
MIT presidency [Use "President Sally Kornbluth" unless referring to office/position.]
MIT Press
MIT.nano
MITx
Mobile devices [Do not use "iPhone, Android, smartphones."]
Music
Music and theater arts
Music technology
Nanoscience and nanotechnology
NASA
National Institutes of Health (NIH)
National relations and service
National Science Foundation (NSF)
Natural disasters
Networks
Neuroscience [Don't use "Neurons" or "Neurology."]
Nobel Prizes
Nuclear power and reactors
Nuclear science and engineering
Nuclear security and policy
Obituaries [Don't use "Obituary."]

Ocean science
Oceanography and ocean engineering [Don't use "Ocean science."]
Office of Open Learning [Don't use "Office of Digital Learning."]
Online learning
Open access
OpenCourseWare
Optogenetics
Pandemic [Use for any and all pandemics]
Parkinson's
Pharmaceuticals
Philosophy
Photography
Photonics
Photovoltaics
Physics
Picower Institute [Don't use "Picower Institute for Learning and Memory."]
Planetary science and exploration [Don't use any planet or moon tags]
Plants
Plasma Science and Fusion Center
Police
Policy
Political science
Politics
Pollution
Poverty
President Sally Kornbluth
Privacy
Profile
Program in STS [Don't use full name of program.]
Programming
Proteins
Provost
Public health
Quantum computing
Quest for Intelligence
Rankings
Real estate
Religion
Renewable energy
Research
Research Laboratory of Electronics ["of," not "for"]
Residential life
RNA
Robotics [Do not use "Robots."]
Russia
Satellites

Science communications [Don't use "Science journalism" or "Science writing."]
Security studies and military [Don't use "Security"]
Self-assembly
Semiconductors
Sensors
Singapore-MIT Alliance for Research and Technology (SMART)
Social justice
Social media [Don't use tags of individual companies, like Twitter, Facebook, etc.]
Social networks
Social sciences
Soft robotics
Software
Solar
Space [Don't use "Space, astronomy, and planetary science" or "Space exploration"]
Spaceflight [Don't use "Astronauts" or "International Space Station."]
Special events and guest speakers
Sports and fitness [Don't use "Sports" or "Athletics."]
Staff
Startups
STEM education
Student life
Students [Limit use to profiles, awards, and student news.]
Superconductors
Supply chains
Sustainability
Synthetic biology
Systems design
Tata Center
Technology and society
Theater
Transportation
Undergraduate [Limit use to profiles, awards, and undergrad news.]
Undergraduate Research Opportunities Program (UROP)
Urban studies and planning
Vaccines
Video
Visual arts
Volunteering, outreach, public service [Don't use "Public service" or "Volunteering."]
Water
Weather
Wearable sensors
Whitehead Institute
Wind
Wireless
Women [Used only if the subject of women is directly mentioned in the story]

Women in STEM [Used only if the subject of women in STEM is directly mentioned in the story. Don't use "Women in engineering" or "Women in science."]
